English Workshop

After the visit to the Basilica of Saint Denis

You are now going to do a piece of written work based on your visit. You will take your first draft to the lesson you have with your English teacher and he/she will help you to correct it and remove all the mistakes. Then you will rewrite it and hand it in to your history teacher to be graded.

TASK

Describe the basilica Saint Denis. Make sure you include all the important features inside and outside the building. Make your response personal : describe what you liked and disliked about the basilica.
